

**REMARKS**

In the last Office Action, claims 4-6 were rejected under 35 U.S.C. §102(e) as being anticipated by Ohsawa (US2002/0051378). Claims 2-3 were allowed.

In order to expedite issuance of the patent, rejected claims 4-6 have been canceled without prejudice or admission and subject to applicants pursuing these claims in a continuing application. Claim 1 was previously canceled.

As a result of the amendments made herein, only allowed claims 2-3 remain pending in the application.

Applicants respectfully submit that the cancellation of rejected claims 4-6 does not raise a new issue requiring further search or consideration. Instead, the cancellation of claims 4-6 overcomes all grounds of rejection and places the application in allowable form with allowed claims 2-3.

In view of the foregoing, favorable reconsideration and entry of this amendment together with allowance of the application are respectfully requested.

Respectfully submitted,
